Shoray Madan

Fabricator

I am a puppet set maker specializing in stop motion films. With a passion for creative exploration, I craft captivating characters, environments, and sets by leveraging my expertise in puppet making and set design. Throughout my career, I have had the privilege of collaborating with renowned studios and professionals in the industry, resulting in award-winning projects and widespread recognition for my work. Each project is an opportunity for me to experiment with diverse materials, infusing my creations with personality through meticulous sculpting and texturing. With hands-on experience as a stop motion filmmaker, I push the boundaries of animation techniques to deliver visually stunning creations. Committed to continual learning and exploration, I strive to expand my skills and create compelling storytelling experiences that resonate with audiences.
